Enclosure. Nil.

Sir,

With reference to resolution No. 3, made by the Ayurvedic College Committee in their meeting held on the 14th instant, presided by the President himself in person, I have the honor to report that the surroundings of the present building, in which the Ayurvedic dispensary is held, are very dirty and the atmosphere in and out of the building is very noisome; and stinking owing to some dirty and rotten fruits and other things exposed for sale all round, and many a time we all feel suffocated inside the building with the abnoxious smell.

It has been published in the Mysore Gazette, dated 6 June 1922, Page 320 that Engineering and Commercial classes will be removed from the Chamarajendra Technical Institute and so the rooms

utilised by those classes will be available.

In the interest of Ayurvedic Institutions both dispensary and the College and in the interest of ailing public who resort to the Dispensary I request you to kindly write to the Government and get these rooms transferred to the holding of Ayurvedic Dispensary and the College.

This arrangement will not only give a better locality and the buildings for the institutions, but also increase the prestige of Ayurveda by better arrangement which could be made there and will also save the amount of money to be spent on the buildings sanctioned for the purpose. Further the building is nearer to Krishnarajendra Hospital, where every post mortem Examination can be shown to the students of Anatomy more conveniently.

However On a reference from the headmaster of the Ayurvedic College addressed to the Muzrai Superintendent, the Director of Industries and Commerce has been asked whether it would be possible to locate the Ayurvedic College in the ~~building~~.
